

Certified Case Manager Exam Review

By: Sandra Lowery, RN, BSN, CRRN, CCM, CNLCP

Course Description

This course is designed to provide the practicing case manager with information to assist them in preparing for the CCM[®] Exam. The content is also appropriate for those who are seeking a basic course in case management practice.

The content of the course is based on feedback from course attendees as well as CCMC[®]'s list of content areas and is updated every 4 months.

The course includes:

- A 300-page course manual, covering the content of the course plus resources for further self-study
- Overview of the CCM[®] process and exam
- Intensives in core concepts, public benefits and workers' compensation
- 120+ sample exam questions
- Self-assessment design

Program Learning Outcomes

This program prepares the learner to:

- Obtain knowledge of concepts related to case management practice in addition to the essential knowledge areas for case management practice as identified by the CCM[®] Commission and national standards.
- Describe the process for the CCM[®] credential.
- Gain insight and resources for any further self-study needs for the CCM[®] Exam.
